Customer Onboarding Complaints

Support operations - October 2026 | Tenant T1 | Source type: mixed prose + table

Summary

C101 - ABC Ltd: Onboarding began on 2 October 2026 and took 12 calendar days. The customer specifically complained that account activation and verification were repeatedly delayed. The implementation manager promised a follow-up within two business days.

C208 - XYZ Ltd: The customer reported a nine-day delay in KYC review. Their onboarding team could not access the reporting dashboard until identity verification was approved.

C303 - Delta Works: The reported issue concerned an incorrect invoice amount. Their onboarding process was completed on time, so this should not be classified as an onboarding complaint.

Support ticket summary

customer_id	issue_type	delay_days	status
C101	onboarding_delay	12	open
C208	kyc_onboarding	9	investigating
C303	billing_issue	0	resolved

Internal action items

For C101, the account owner must send a customer update by 16 October 2026. The missing verification document has been received, but the remaining escalation must be tracked.

For C208, the compliance team has scheduled a verification review. Do not confuse the current complaint with a request for a refund.
